presents
The 2019 Hardy Cyclamen openhouse
January 12th & 20th - Saturday and Sunday
10am - 4pm

The cyclamen come looking particularly beautiful this year. Just enough cold to make them happy, without the extreme freezing we had in 2017. They are like us, we survive the extremes of weather but do not like it! There are still a limited amount of hederifolium available.

The parking lot is a bit of a jumble with the bamboo having been removed and a line of trees going in. Still works fine though.

Notice the two separate dates this year!
Hopefully this is more convenient for you.

In the basketry world there is a much that has happened, and much planned for 2019. New designs from Judy are a highlight in the studio. She has had her normal teaching schedule this past year, as well as spending 5 weeks working in New Zealand and an additional week studying and living with traditional weavers in north eastern Australia.

I, and my assistant, Heidi, will be teaching a great skeined class here in May. Then two weeks in June at Arrowmont in TN and near Atlanta, GA. We studied with a master in Germany in October, as well as some time to play in the Alps. Will be returning to study again this October.

A plug - for any of you who would like to work with beginning skeining, the Arrowmont class would be great.
