

Epimedium
spring open house
April 13 & 14
10am-4pm

Stop in and see the basketry studio when you visit. A class schedule will be available. (Judy is currently in Australia for the month of April, having just returned from NC and KY.)

Heidi and I are teaching a skeined willow advanced class in May, then Arrowmont and Georgia in June. Back for a couple local fun classes in June.

Epimediums

clumpers, groundcovers, specimen show-offs, evergreen or deciduous, pink, purple, bicolor, yellow, red, orange many more.

Some very drought tolerant. Amazing foliage for the woodland or partial shade garden.

Deer resistant!

Ever want sunflowers for color in the garden-but all you can find are 10' tall!

This season we are raising a thousand sunflowers - from 3' to 6'. Many different varieties and colors of bloom.

And - many varieties of zinnias to add color to your garden - 6" to 36".
Check 'em out!
